
Welcome to our Shyneria
A TASTE OF AFRICA
WELCOME ALL

The gateway from Shyneria opened up to
a portal to Africa.

The portal was tucked behind a beautiful waterfall.

The shipment arriving, the elders inspect
the gifts received.

While in Africa our Shynerian explorers met with many, learning about all they could. Here we have protectors of the herds practicing safety techniques.

We were able to see the herds gathered and how the protectors watch over them so they can peacefully refresh themselves.

Our Shynerians saw the villagers practicing for a big ceremony in celebration of the arrival.

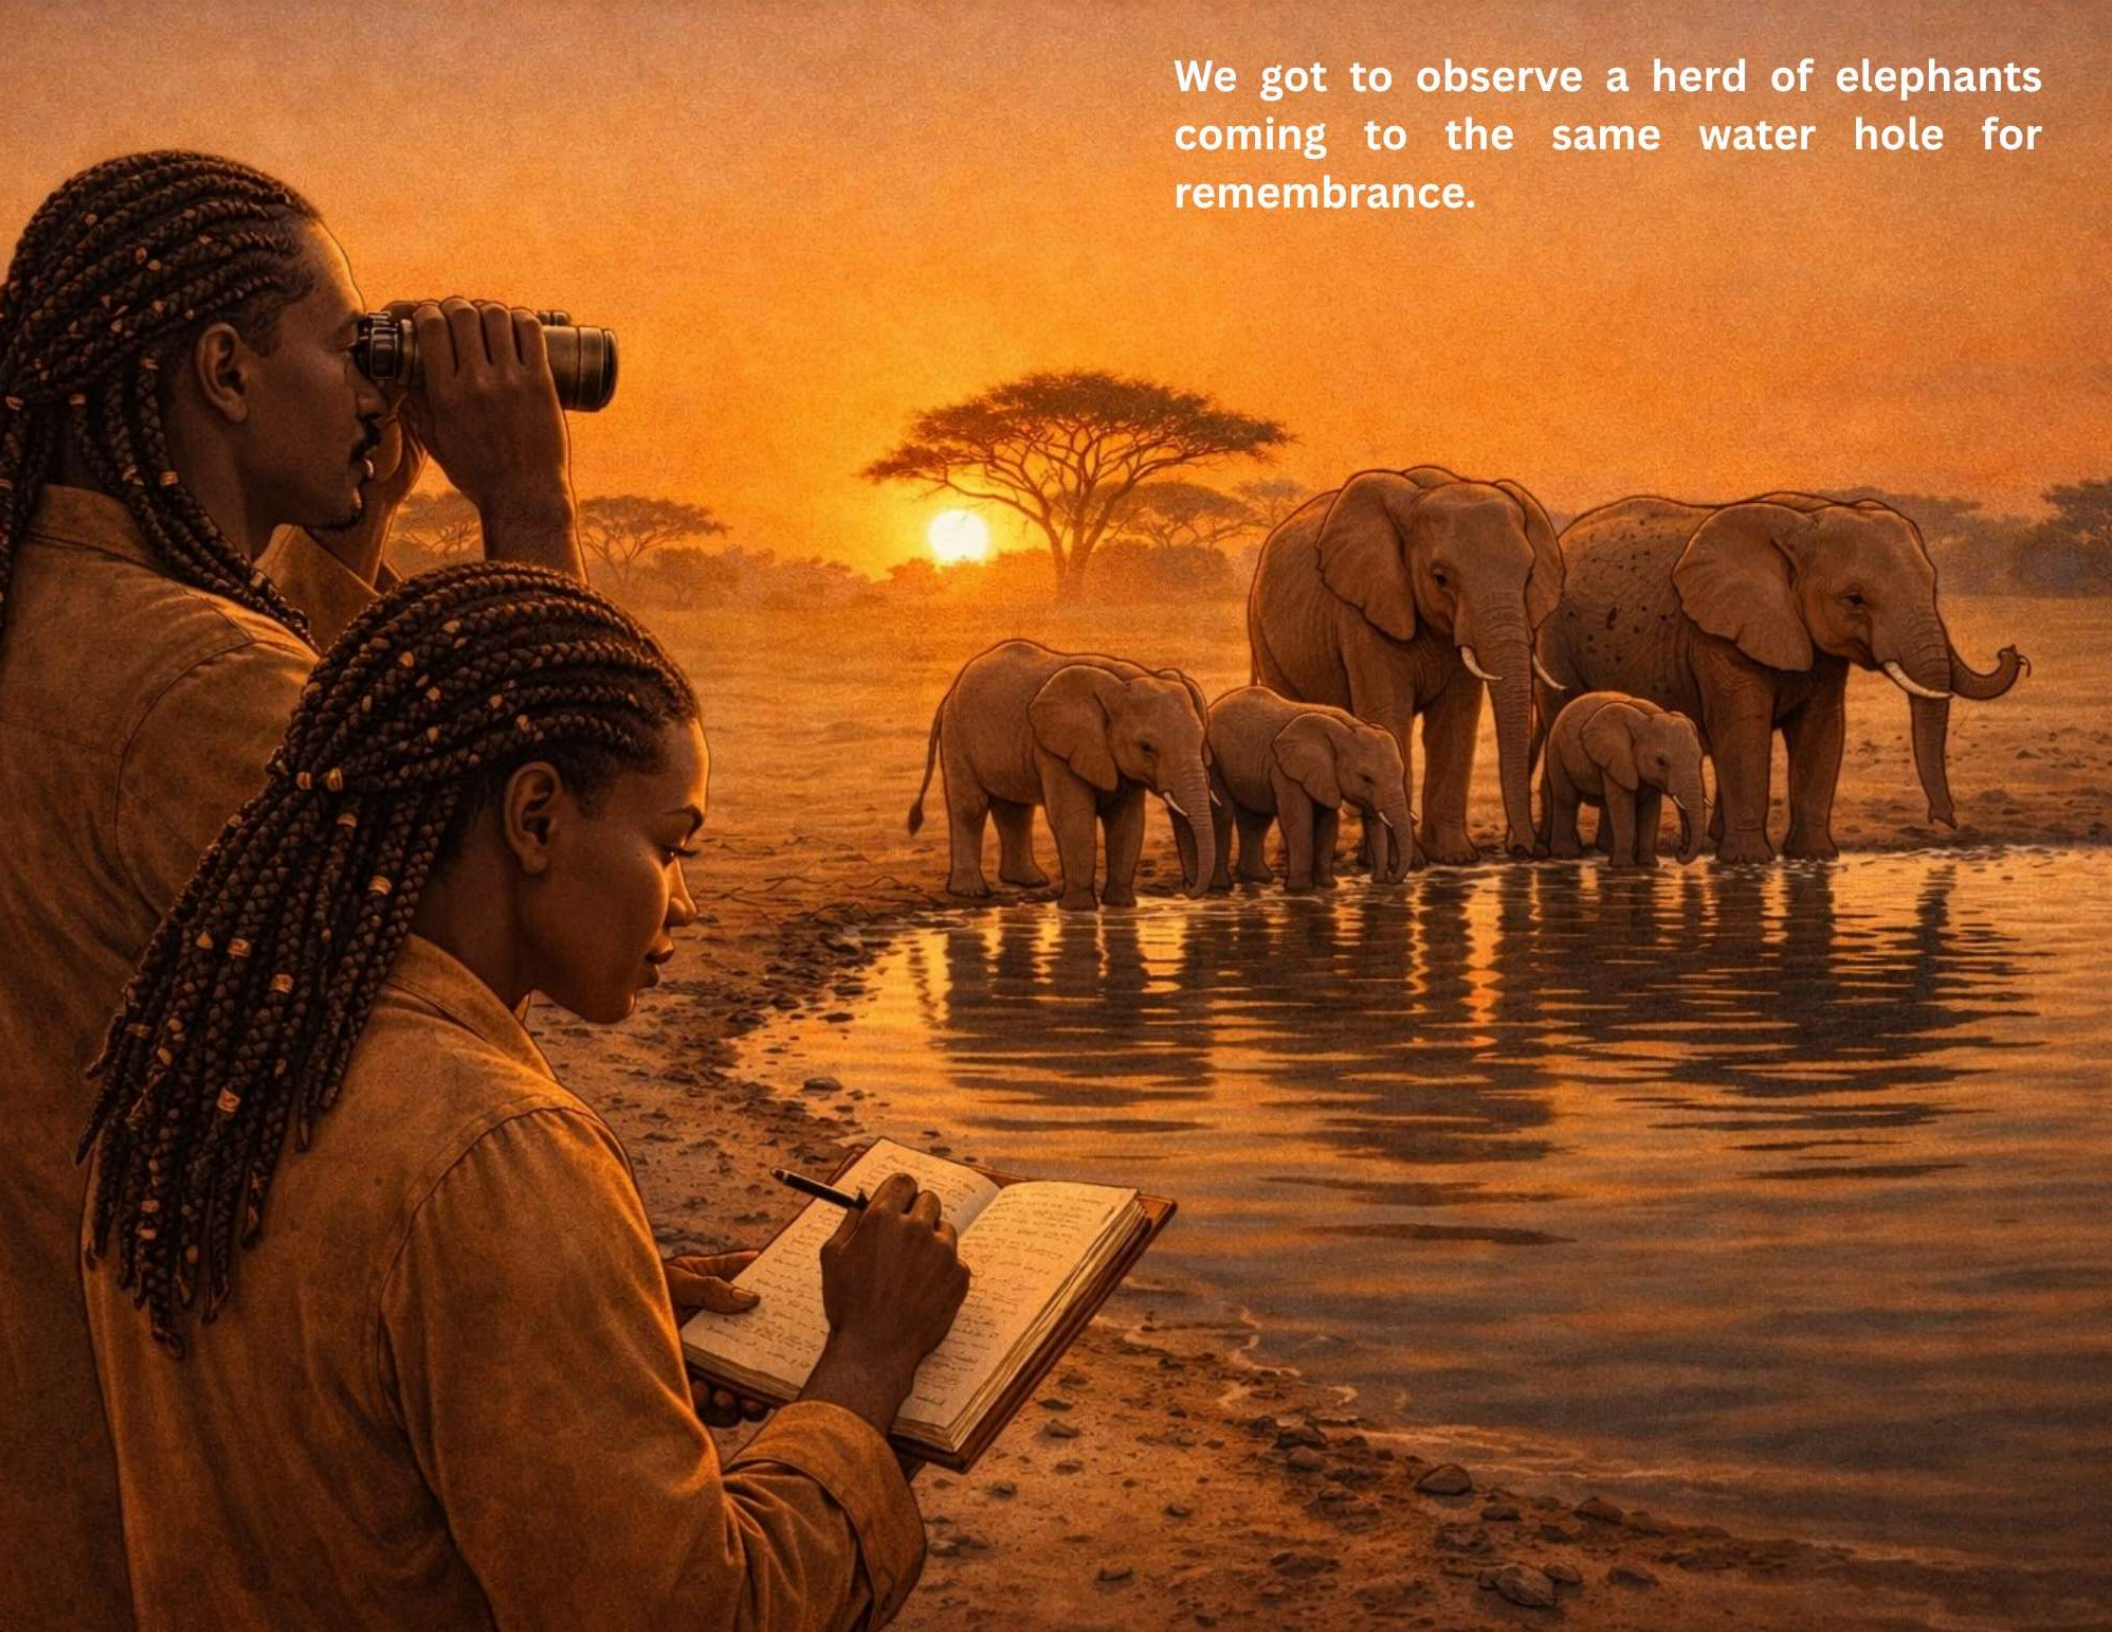

A great feast was prepared for the celebration later. People from all over were joining.

Shynerian explorers were able to see beautiful dancers.

Our explorers saw drum circle dances.

We got to observe a pride of lions.

We got to observe a herd of elephants coming to the same water hole for remembrance.

The best part was watching the excitement over the planting of the seeds.

The elders blessed the fields for a hearty harvest and plenty of water.
