
Welcome to our Shyneria
A BIG REVEAL
WELCOME ALL

The moon Queen, Lunara, helped bring in
the cart and the people.

She began to glow and so did the rock.
OUTSIDE it had been day. Now it was dark.

Darkness set over all the land.

From one country to the next.

The sun had been eclipsed.

Even in Shyneria. The children raced to see all the excitement.

As Lunara glowed, the meteor opened up. There displayed. Earth and Mars.

Next a display of Earth and generic Humans

Next could only be Mars and Martians.

The next projection was of an earth dog.

The last projection was Mars and what we can guess is their version of a dog.

The sun returned and the children meet
with Shyneria’s new Martian friend.

Rock Explorer Hunt!

Can you find these common rocks?

CHECKLIST

- ☐ 1. Get a bag or basket
- ☐ 2. Look for the rocks
- ☐ Adult/helper
- ☐ Check them off!

☐ Smooth Rock

- Feels soft and rounded.
- Found near water.

☐ Rough Rock

- Bumpy or scratchy
- Found on trails or dirt

☐ Shiny Rock

- Sparkles in the light
- May have tiny crystals

☐ Striped Rock

- Has lines or layers
- Looks like it was stacked.

☐ Colorful Rock

- More than one color
- Red, green, yellow or mixed!

☐ Heavy Rock

- Feels heavier than it looks.
- Try lifting it!

☐ Light Rock

- Feels very light
- Might have tiny holes

☐ Flat Rock

- Thin and wide
- Good for stacking!

☐ Flat Rock

- Thin and wide

☐ Round Rock

- Like a ball or oval
- Smooth edges

☐ Crystal Rock

- Has shiny points
- Looks like it grew!

☐ Magnetic Rock (Optional Fun!)

- Sticks to a magnet
- Not all rocks do!

BONUS FUN!

- ☐ Line your rocks up from smallest to biggest!
- ☐ Sort by color!
- ☐ Stack them and build a tower!

Rocks can come from Earth...
• and even from space!

Build a Rock Planet!

Group Project • Create Together

☑ WHAT YOU WILL NEED:

- ☐ Rocks (different sizes)
- ☐ Paint (any colors!)
- ☐ Paint brushes
- ☐ Water cup
- ☐ Paper towels or cloth
- ☐ Large cardboard or wbod base

1 PLAN YOUR PLANET

- Draw a BiG circle on your base
- Decide together:
  - Earth colors?
  - Rainbow planet?
  - Space planet?

2 COLLECT YOUR ROCKS

- Find rocks:
- Small
- Medium
- Large.

Try to match shapes to your design!

3 COLLECT YOUR ROCKS

- Find rocks:
  - Small
  - Medium
  - Large.

4 BUILD YOUR PLANET

- Place rocks inside your circle.
- Work together like a puzde
- Fill ALL the space

3 PAINT YOUR ROCKS

- Each child paints their rocks

5 STEP S: FINAL TOUCHES:

- Add details: Oceans
- Land
- Patterns
- Rings (like Saturn!)

3 PAINT YOUR ROCKS

- Each child paints their rocks

5 STEP S: FINAL TOUCHES:

- Add details:
- Oceans
- Land
- Patterns
- Rings (like Saturn!)

MAKE IT YOURS:

- ✔ Working together
- ✔ Add stars around it:
- Creating something big
- Every part matters.
