
Welcome to our Shyneria
Rescue Mission
WELCOME ALL
RESCUE JEEP

Alex stepped through the door. Feeding the animals in the cave is PURE JOY! He is heading to the thinking pool!!

Sitting by the pool, Alex is given a message. A SINGING telegram from the croakers. Trouble in ANOTHER LAND!

The garment room. Was magical. Monroe, the little one could transform TO ANY AGE AND style. ANYONE could. The room was stacked with garments and all for anywhere.

The land was Africa. Standing looking out, one of the elders worries over a young Giraffe. Nerine.

Nerine was shy. VERY SHY. She had trouble talking to other Giraffes. They all worried over her. One day. They all noticed. She had gone missing.

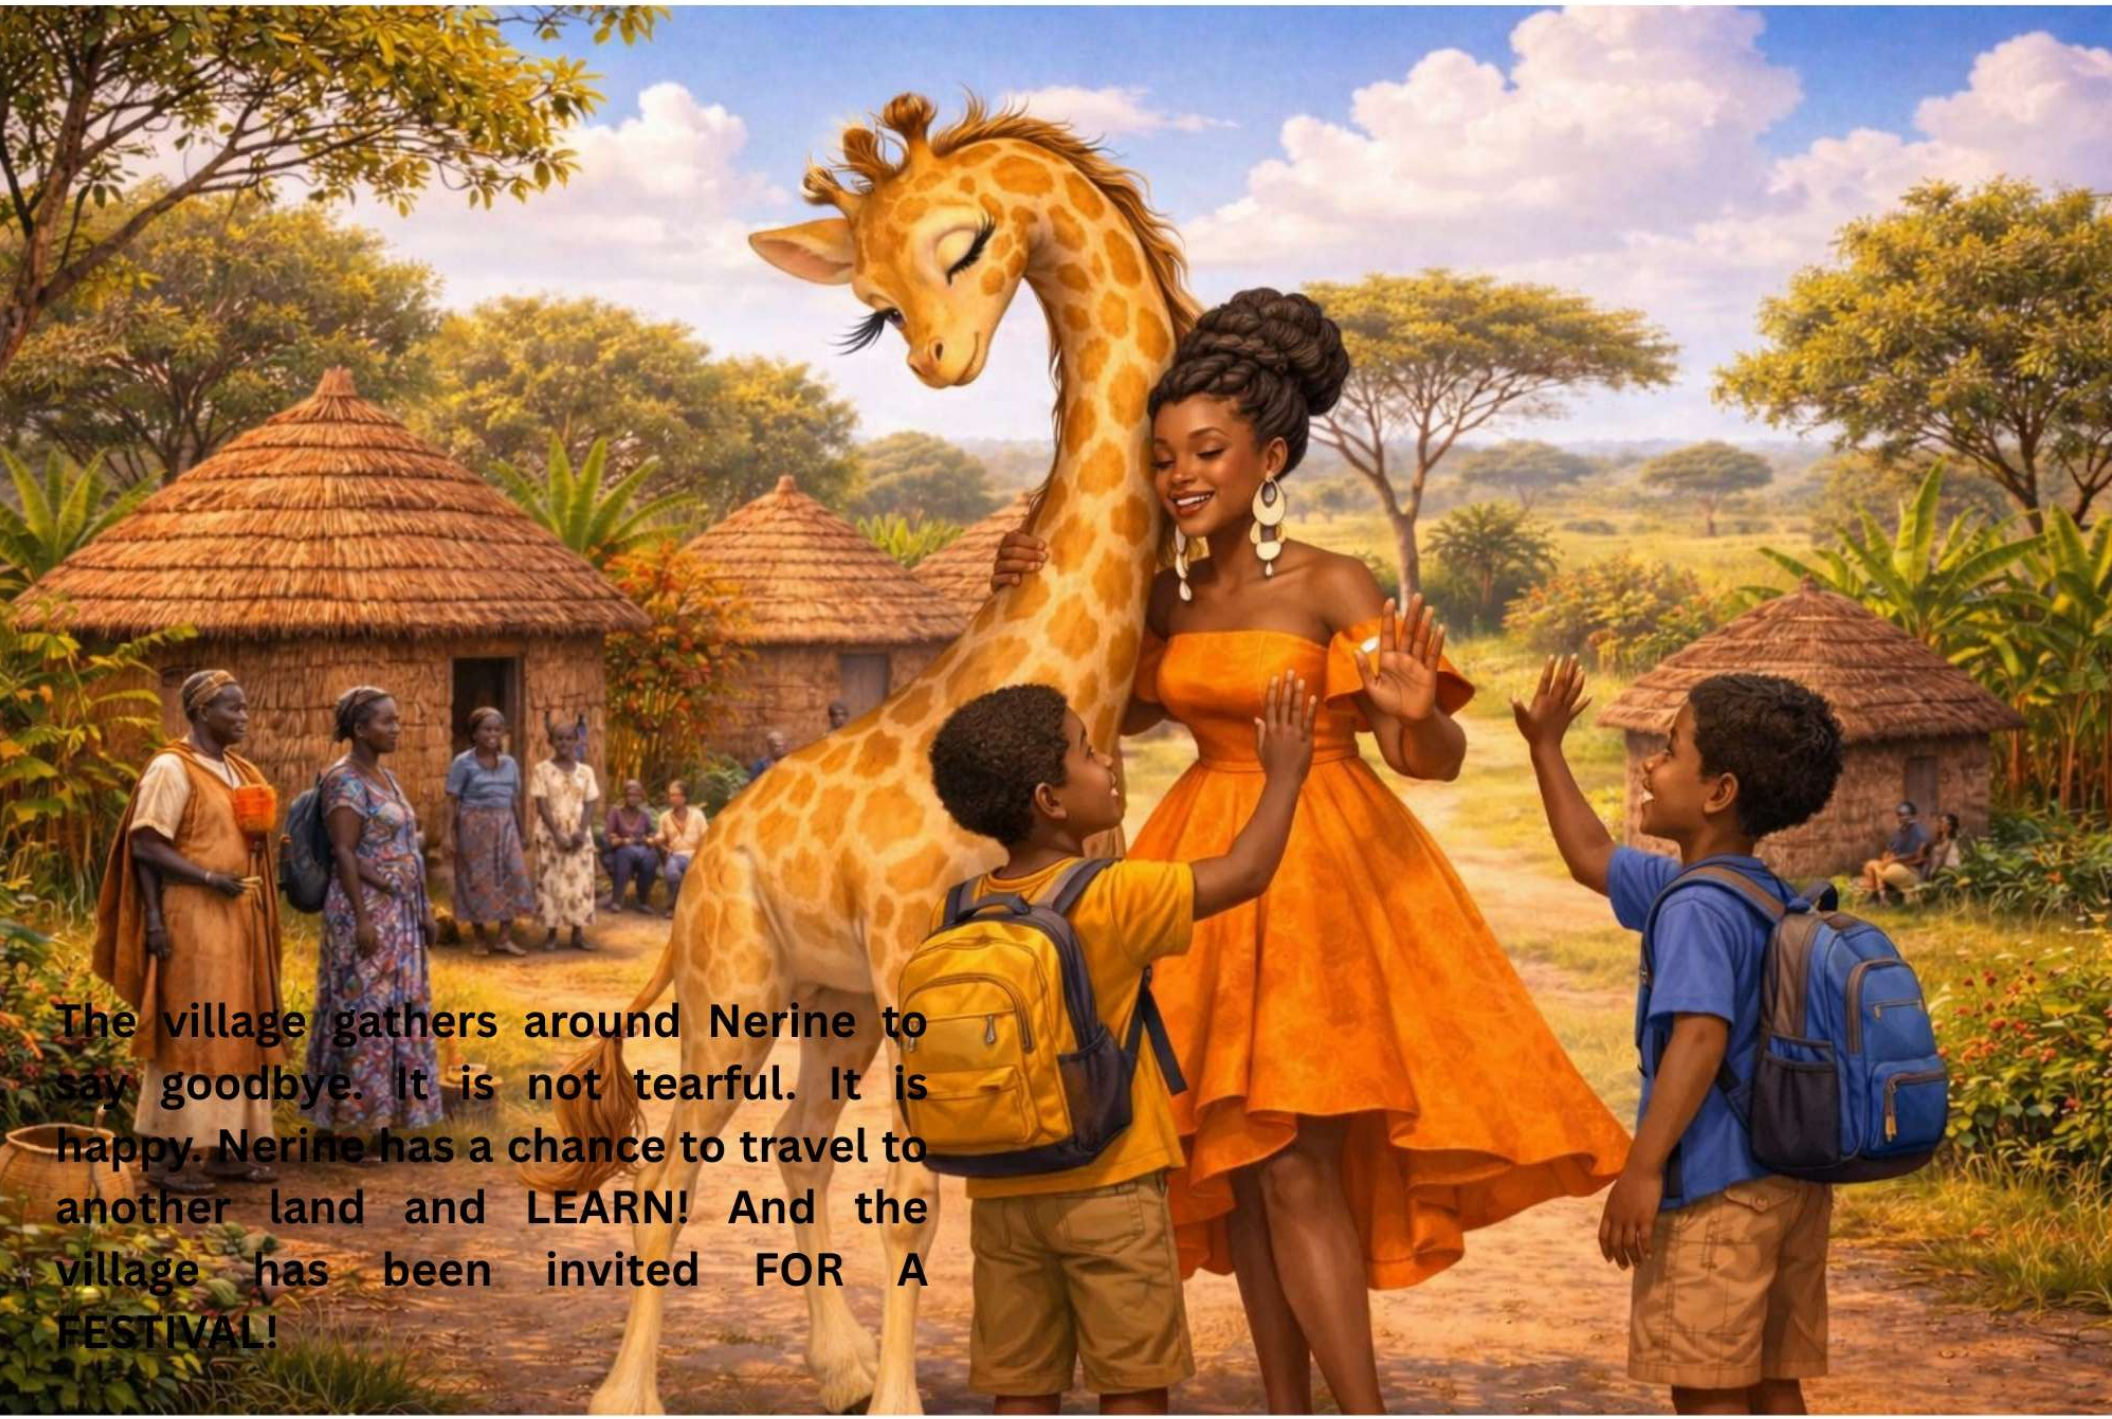

The elders sat together, talking. A plan must be made. Nerine needed to find others she could feel less shy with.

Off in the wetlands of Africa, Larry, Kari and Jerry are up to their tricks again. They hear a strange noise.

Nerine is spotted. Larry and Jerry fly off to the village, while Kari talks with a scared and very shy Nerine.

Larry and Jerry explain to the elders; Nerine was found all the way in the wetlands. The elders have an idea. THEY CALL UPON THE RESCUERS in another land.

Success. Nerine is found. Monroe, as her older self and the rescue crew show up and help bring Nerine back to the village.
RESC
JEE

The village gathers around Nerine to say goodbye. It is not tearful. It is happy. Nerine has a chance to travel to another land and LEARN! And the village has been invited FOR A FESTIVAL!

Nerine did learn!! Something fun too!

Create Your Own Mini Quilt Pattern Craft!

No-Sew Fabric Design

You'll Need:

- Styrofoam ball or foam shape
- Small pieces of cloth in different colors
- Rounded safety scissors
- Nail file or crochet hook
- Scrap paper or magazines (optional)
- Glue (optional for paper version)

⚠ Ask an adult for help if cutting fabric.

TIP: Ask an adult for help if cutting fabric

1 Cut Small Fabric Pieces

Use rounded scissors to cut small pieces of cloth.

TIP: Quilts use many colors and patterns!

2 Place Fabric on the Foam

Lay a small piece on cloth on styrofoam suriace.

TIP: Start at the top and work your way around.

3 Push the Edges Into the Foam

Use the rounded scissors, nail file, or crochet hook.

TIP: Push the edges, not the middle.

4 Add the Next Fabric Piece

Place a new piece beside the first one. Push the edges into the foam again.

TIP: Try stripes, diamonds, or checker patterns.

Optional Paper Version

- Use cardboard or an object
- Glue pieces of colored paper or magazine pages.
- Create your own quilt pattern design.

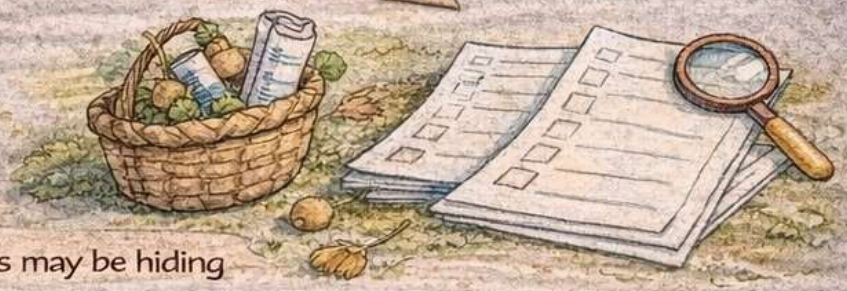

TIP: Every small piece becomes part of a bigger pattern.
