
Welcome to our Shyneria
Winter Festival
WELCOME ALL

Early the ranch wakes to winter festival.
Today is special indeed. Our friends from
another Land, Africa, come to celebrate.

Our friends from the African rescue trip select warm garments for the very cold festival about to start.

Pips gathered the ornaments and makes his way to the Ranch to finish the decorations.

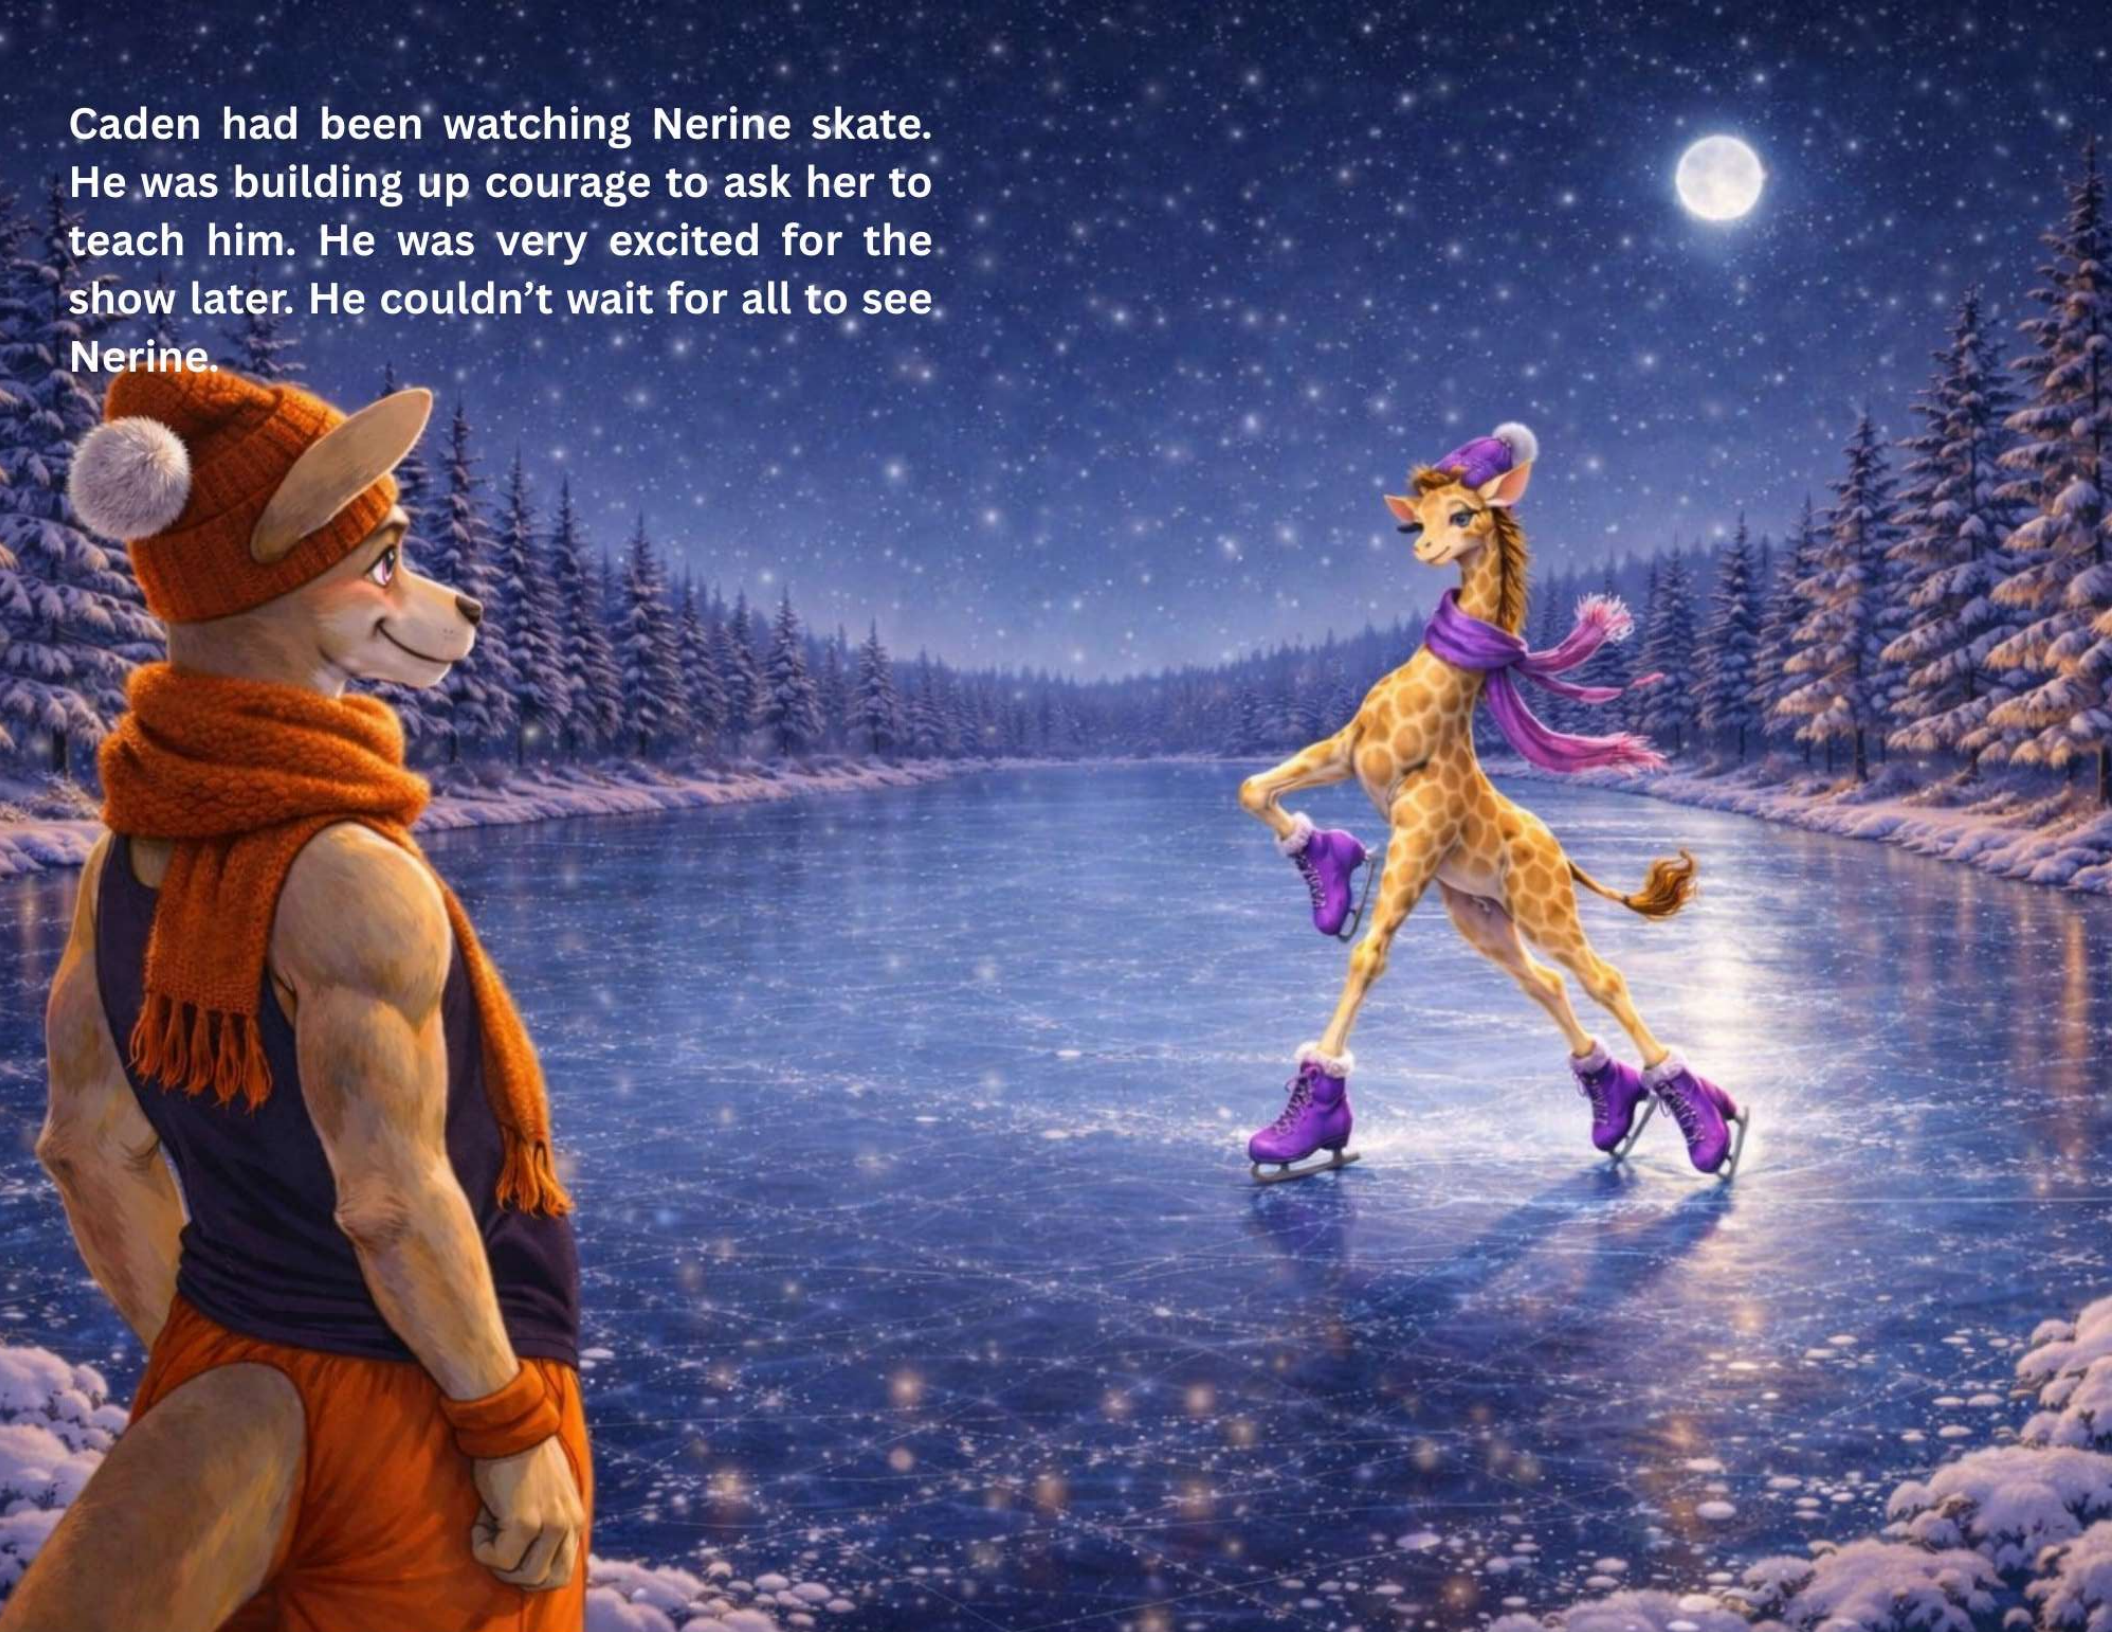

The elders arrive first.They inspect the food and treats.Room by room.

The elders laugh and wonder at all that is there. This will be a wonderful occasion. So much to do and even a special show.

A train ride in the snow. Lights still low.
All laugh and enjoy the fresh air.

There was even a spectacular merry go round. Everyone has smiles and rosy cheeks.

Building snow people and so many other fun activities in the snow.

Caden had been watching Nerine skate. He was building up courage to ask her to teach him. He was very excited for the show later. He couldn’t wait for all to see Nerine.

WHAT A SHOW!! Nerine had found herself. She was still shy but out there on the ice she felt alive. All who came to see her CHEERED!! NERINE!!!!

The festivities start from before dawn until well after dark. After the show, a special treat and gift exchange for all.
